Subject: Junior Division Spring 2008

To: All Lamar 12 year old players

Upon completion of past 12 year old seasons there has been reluctance by some players to return to Lamar LL to play in the spring Junior season.

The Junior Division over the past two seasons has gone through some changes. We would like you to know about solutions which will encourage all players to continue to play at Lamar LL. In the Spring 2008 season we will continue to interleague with West Sugar Land LL and Rosenberg LL. Lamar will provide both the "pony" size 54' x 80' field for primarily the 13 year olds and the 60' x 90' regulation size field for primarily the 14 year olds or any 13 year olds that want to play on the "big" field.

Games for the 13 year olds (54' x 80') will be on Monday-Thursday. Each team will play a minimum of two games per week. This will allow players to participate in select tournaments Friday-Sunday.

Games on the "big" field for the 14 year olds will be Monday-Saturday with each team playing a minimum of two games per week.

I felt it was important for each player and parent to understand the options that are available at Lamar LL in the Junior division before sign ups. Hopefully, all players will return to Lamar LL to continue to play with and against their friends and continue to share in the community spirit that makes Lamar LL the best Little League has to offer.

Sincerely,

Craig DuVal  
VP Juniors
